

**WYNDHAM GRAND®**

**Istanbul Levent**

SUSTAINABILITY &  
ENVIRONMENTAL  
PROTECTION

## OUR VISION

To be one of the pioneers, dynamic and leader hotel offering high quality product and services with the insight of continuous development in the areas that we operate on.

## OUR MISSION

To be realiable, effective and innovative hotel adopting customer oriented service approach.

## OUR VALUES

- Innovative
- Foreseeing
- Customer and Quality Oriented
- Reliable and Honest
- Hardworking
- Believing in Team Work
- Valuing and Relying on People

# ***Water Usage Efficiency***

- We contain rain water and use it for irrigation which we call “greywater” system. We have been recycling water from rain to be used in feasible areas within the hotel.
- We have chosen plants that are compatible with local weather and have lower water consumption.
- We also use high efficiency fixtures to maintain minimum water waste all around the hotel.
- Consumed water of mechanical equipment is also recycled and used as greywater system in the Özdilek Center where Wyndham Grand İstanbul Levent is located.

# ***Energy Efficiency***

- The design of our building is created to obtain maximum capacity of daylight. During construction, low emission equipment had been used and utilization of bikes & electric cars have been supported by the management.
- We have smart air-conditioning system in all of our guestrooms, which works with sensitive sensors depending on the vacancy of the room. «Incom automation system» starts working the minute a guest enters the room and stops as soon as guest leaves the room. This smart system helps us to save energy and use it efficiently.
- We are using LED lighting in every part of our hotel.
- All of the pumps work %100 with frequency convertor to use less energy and gain high power.
- The technical devices are controlled by the automation system that helps energy saving and reduce the risk of energy leak.

# ***Environmental Awareness***

- All of the materials that have been used since the construction is non-hazardous to human health. We are very cautious about utilizing recycle of each and every item/material.
- All of the cleaning products that we use in our hotel are environment friendly and recyclable.
- We have created %30 better indoor air quality in order to provide a healthier environment. All of the equipment we have been using since the construction of our building has less carbon emission.

# ***RECYCLING – It's Our Future***

- We recycle every possible item in the premises, we have several containers that collect glass, battery, paper, plastic materials. A licensed company collects these products to recycle.
- Used oil in our kitchen equipment, fryers, grease traps are contained in tanks and send to a licensed company to be converted to bio diesel fuel.
- All our Hepa filters from air conditioners of the hotel and hood systems of the kitchen are collected from us and recycled by a certified company.
- We use formulators and dosage controllers in our laundry and kitchens in order to avoid excessive amounts of cleaning products and protect environment.
- Wyndham Grand İstanbul Levent has wastepaper management program and contributes to municipality about recycling with 120 tons of wastepaper in a year.

# ***LEED Gold Certificate***

- As being one of the biggest corporations in Turkey, Özdilek Holding values preserving and contributing to the future for new generations to come. Our main efforts are the protection of natural resources and support long-term sustainability as a part of our company's mission.
- Our strategy is to establish a common and global approach to environmental sustainability in all branches of our company. With this vision, we are proud to mention that Özdilek Center, where Wyndham Grand Istanbul Levent is located in and belong to, is granted **LEED Gold Certificate by U.S Green Building Council.**

# ***BEING A GREEN STAR HOTEL***

- We proudly announce that Wyndham Grand İstanbul Levent has a Green Star Certificate from Turkish Ministry of Culture and Tourism. Green Star is an '***Environmental label***' given to environment friendly accommodation enterprises within the scope of 'Sustainable Tourism' and 'Environment-Friendly Accommodation Enterprises' initiated by Ministry of Culture and Tourism.

# ***SUSTAINABILITY CHAMPION (2016)***

## ***Wyndham Hotel Group***

Wyndham Grand İstanbul Levent has become 2016 Sustainability Champion among 450 hotels including 43 countries in the region of EMEA.

We always strive to be reliable, effective and innovative hotel adopting customer oriented service approach.

# ***BEST INNOVATION FINALIST (2016)***

## ***Wyndham Hotel Group***
